

# WARRANTIES

When the work is finished, and your deck and railing system is complete, it's nice to have a certain peace of mind that can follow your deck for years to come. To that end, we are pleased to offer a wide range of warranties that will protect your deck from unforeseen circumstances.

While caring and maintaining your deck is important, there are some things that are just beyond your control. That's where a good warranty can be essential.

Make sure to familiarize yourself with the specifics of the warranty for the decking products you're purchasing. The last thing you want to do is make any assumptions about the degree of warranty coverage you have. You don't want to wind up being surprised later.
